

12B Book Clock Instructions

See Next Page for Visual reference for
Battery Replacement

Stick enclosed suction cup to front of clock

Pull up as you rock it back and forth to remove

Push up on the cover to create a gap

Gently lift up and pull toward center of clock to pivot it up and remove

Remove and Insert new battery

Put cover plate in slot, lower down and slide toward center of clock to lock in place

Finally, reinsert into the clock and enjoy!
